DESIGN A SIMPLE WEBSITE

For Tenga

## PLANNING

- Research and Interview
- Content and Story Development
- Visual and Stylistic Elements
- Design Sketches and Wireframes
- Front-End Style Guide
- BioSite Structure

NAVIGATE THE FUTURE

# Research and Interview

## INTERVIEW

- What inspired you to pursue a career in graphic design, and what do you enjoy most about it?
- How would you describe your design style? Are there any designers or artists who have influenced you?
- Can you share a recent project you're particularly proud of? What made it special or challenging?
- What do you consider your biggest achievement in your design career so far, and why?
- How do you stay updated with design trends, and how much do trends influence your work?
- What hobbies or interests do you have outside of design, and do they inspire or influence your creative work?
- What are some of your long-term goals as a graphic designer?
- How do you approach a new project? Can you walk me through your typical creative process?
- Is there a dream project or client you'd love to work with someday? What about it excites you?
- How do you balance creativity with meeting client expectations and practical requirements in your designs?

## CONTENT AND STORY DEVELOPMENT

Short Bio of the Subject: Tenga is a passionate graphic designer based in New York City. With a multicultural background, Tenga has a deep appreciation for diversity and exploration, which reflects in her artwork and design projects. He is an advocate for mental health awareness and actively volunteers for initiatives supporting mental health causes. Tenga's love for travel and photography fuels his creativity and inspires him to capture moments from around the world. He believes in continuous learning and aims to make a positive impact through design work.
